Re: Connect America Fund, WC Docket No. 10-90

Dear Ms. Dortch:

Sharon Telephone Company (Study Area Code 330946) hereby notifies the Federal Communications Commission (FCC) and the Wireline Competition Bureau (WCB) of changes that were made to its previously filed FCC Form 477 containing data as of June 30, 2015. It was discovered that many of our census blocks were incorrectly identified as having broadband service deployed using FTTP. These inadvertent errors have now been corrected.

We respectfully request that the FCC and WCB use the corrected Form 477 data for determining the final A-CAM support and eligibility. If the corrected information is used for the final A-CAM version, it is very likely that Sharon Telephone Company will elect model based support. If they are not reflected, it appears that we will be forced to remain under the legacy rate of return option.

Sincerely,

Brad Ellefson
President
